Product discontinuation: PQI-DA

Dear Ladies and Gentlemen,

We hereby inform you about the following product discontinuation.

1) Product concerned

PQI-DA -Article number range 119.73XX

2) Functionally identical solution available

The PQI-DA measuring device can be replaced by the **PQI-DA smart** and **PQI-DE** products certified according to IEC61000-4-30 Ed3.0. In addition to the current power quality standards, these products also meet all requirements with regard to IT security and open protocol standards.

3) Existing installations in the field

The guaranteed warranty period shall be complied with in any case.

Existing units are supported by the PQParaExpress, WinPQ and WebPQ software even after discontinuation.

4) Transition period (Last Order)

The transition period starts immediately. The products can still be ordered until the existing units in stock are completely sold out. The units are expected to be available for order until Q3/2024. Please contact us directly regarding the different specifications!

Product changes, but also product discontinuations, mainly serve the purpose of continuous product improvement or stabilisation of the product group with regard to hardware, firmware and software.

ATTENTION: Orders placed during the transition period cannot be cancelled. In addition, we reserve the right to limit the order quantity based on our material availability.

Please pass on this product information to your staff, colleagues and, if applicable, your customers.

We apologise for any inconvenience this discontinuation may cause. We will do everything possible to carry out this action as smoothly as possible and without affecting delivery times.

For queries, please contact your first point of contact directly.

With kind regards

Stefan Hoppert
